

Help Us Honor Our Own

We want to recognize the brethren among us who have been in ministry for more than sixty years that are still living. But, to accomplish this we need your help. During your local and state association meetings this fall please seek out those who qualify. We would love to have a picture of each one for a presentation and even take a minute to recognize those who are present at next year's meeting. You might even assign someone with a camera phone or camera to take the pictures at these meetings.

Just send this information to our clerk James Ray Raines along with your church letter. If you do not have a picture it is possible that we have a pictorial directory with one in it. As we have stated before the Association exist to serve her churches and their members. Please label each picture with the ministers name.

In Jesus name, Paul White
